

Figure 1. A schematic diagram of the experimental setup. The diagram shows a rectangular box representing the experimental area. Inside the box, there is a smaller rectangular area labeled "Target". The target is positioned in the center of the box. The box is labeled "Box" and the target is labeled "Target". The diagram is labeled "Figure 1" and "A schematic diagram of the experimental setup".

The diagram illustrates the experimental setup for the study. It shows a rectangular box representing the experimental area. Inside the box, there is a smaller rectangular area labeled "Target". The target is positioned in the center of the box. The box is labeled "Box" and the target is labeled "Target". The diagram is labeled "Figure 1" and "A schematic diagram of the experimental setup".
